PROJECTS

Orion's Belt— *A video game forum*

A full-stack application with **CRUD** features; deployed using **heroku**. Users can **sign up**, **log in**, **log out**, **create and view guides** for a variety of games, as well as **leave comments**.

- Technologies: JavaScript, Node.js, Express.js, MongoDB, HTML, CSS, Handlebars, Heroku

Last Square — *Play as the last survivor fending off zombies*

A game where you shoot zombies to accumulate points and survive for as long as you can. Some of the features showcased are **HTML canvas** for graphics, **DOM manipulation**, **mouse tracking**, **player tracking**, and **collision detection**.

- Technologies: JavaScript, HTML, CSS

Age of Silver — *E-commerce site for silver jewelry*

A full-stack application deployed and hosted using **heroku**(server) and **netlify**(client). Users can **create an account** and **add jewelry** to their **cart** for **checkout.**

- Technologies: JavaScript, React, Node.js, Express.js, MongoDB, HTML, CSS, Heroku, Netlify

EXPERIENCE

Panda Express, Maize, KS— *Cook/Shift Leader*

November 2018 - March 2021

- Greeted and served customers in a positive and expedient manner leading to an increase in sales and donations by ~10%
- Assisted in training and supervising 1-3 new associates monthly on cooking standards and procedures.
- Kept constant communication with team members to maintain a high level of productivity at one of the region's top locations.

EDUCATION

Ironhack Bootcamp, Remote— *Certificate*

June 2022 - August 2022

Ironhack is an immersive bootcamp with locations all over the globe, offering 9-week courses in **Full Stack Web Development** and UX/UI design. (400+ hours)

- Technologies: JavaScript, React.js, Node.js, Express, MongoDB, HTML and CSS.
