Cordre Payne

(918) 939-9471 | cordrepayne@gmail.com | **LinkedIn** | **Github** | **Portfolio** | Maize, KS (US citizen/can relocate)

Projects

Dre's Simple Chat — Github (current project)
- Implemented **WebSocket API** to allow for global chat.
- Created settings page to allow for account and theme customizations to increase user retention.

TeleCure — Github
- Collaborated with 3 developers in a 48 hour time limit to create a remote healthcare web application for Shellhacks 2022 Hackathon.
- Contributed by creating models, routes and controllers for doctors, patients and chats using **Node.js** and **Express**.
- Implemented user login authentication using **JSON Web Tokens**.

Age of Silver — Website - Github
- Developed a full stack application, deployed and hosted using **heroku** and **netlify**.
- Implemented login system with full **CRUD** operations on the user list and cart.

Purple Elephant Careers — GitHub - Figma File
- Converted **Figma** design file into a responsive application.
- Imported Calendly API for booking appointments with career coach.

Experience

Panda Express, Maize, KS   Nov 2018 - Mar 2021
Cook/Shift Leader
- Worked with a team of 4-8 associates daily in a fast paced environment.
- Attained the position of Cook/Shift Leader after taking the initiative in being cross trained in 3 positions.
- Organized, stored and documented food and beverage products in appropriate areas to improve workflow.
